

OUTBREAK NOT LOOKED FOR IN PEKING SECTION

Reports of Massing of Troops
By Two Groups Not Generally Feared

NOT CONSIDERED GRAVE

Conference of the Nationalist
Leaders Held at Nanking;
Gov't Not Alarmed

By John Goette
I. N. S. Staff Correspondent
PEIPING (PEKING), July 19.—In spite of reports that determined massing of Soviet and Chinese troops on the Manchurian frontier is continuing unabated, the belief persisted in authoritative circles today that there would be no actual outbreak of hostilities.

While it is apparent that the seeming unconcern of Chinese nationalists leaders over the grave crisis is designed to some extent at least to allay public trepidation, competent observers are firm in the belief that some mediatory action will be taken in the next few hours to avert warfare between the two Asiatic powers.

Following the hurriedly-summoned conference of nationalist leaders at Nanking, who were called together by an urgent summons from President Chiang-Kai-Shek, it was officially stated that the Chinese Government feels no alarm over the situation.

This statement is construed by unbiased political observers as a virtual admission that China is prepared to go to almost any end to arbitrate the dispute, provided she is not forced to disavow her right to seize the Chinese Eastern Railway on the grounds that its Russian employees were concerned in the dissemination of communistic propaganda.

This stand, it is understood, is prompted by realization that the Chinese forces are utterly inadequate to cope with a determined invasion by the highly-trained Soviet troops.

Number of Unlicensed Dogs In State is Very Small

HARRISBURG, July 19.—Two hundred thousand unlicensed dogs roamed the streets and fields of Pennsylvania before the present State Dog Law was enacted eight years ago, according to the Pennsylvania Department of Agriculture. These roving dogs killed or maimed thousands of domestic animals and poultry. The sheep industry had been practically wiped from many sections. Wild game depredations by dogs exceeded all illegal killing. Mad dogs were a serious menace to human life.

Today the number of unlicensed dogs is very small compared to the number licensed and each day the number is being reduced. Sixteen thousand, two hundred and sixty-five worthless dogs were disposed of last year and 3,966 during the first six months this year. Almost 450,000 dogs are now licensed. 15,000 more dogs for the corresponding time last year, and only 40,000 less than for all of 1928.

Up to June 1st there were 7,998 licensed dogs in Bucks County. During all of 1928 there were 9,708 licensed canines in Bucks county.

Splendid cooperation by many cities and boroughs, persistent and thorough effort by the dog law enforcement agents of the Bureau of Animal Industry, and prompt action by most dog owners have brought far-reaching benefits to Pennsylvania. The sheep industry is coming back. Damages caused by uncontrolled dogs are decreasing. Last year damages paid amounted to \$71,324, compared to \$210,774 in New York state which has about the same number of sheep as Pennsylvania. The mad dog menace is being lessened. Good dogs are enjoying a better standing in the community.

Thus, the real purpose of the dog law which is to protect property, human life, livestock, poultry and good dogs from the ravages of the worthless, uncontrolled dog, is being accomplished.

A special effort is being made by the Department to round up and prosecute all negligent dog owners. Four thousand six hundred and sixty owners have been fined already this year, 1,000 more than during the corresponding period a year ago.

It is not the desire of the Department to prosecute dog owners but according to the law, it must do so wherever persons allow their dogs to go unlicensed and to run at large in violation of law. Dog law enforcement agents have been instructed to give particular attention to all sections where reports still indicate unlicensed dogs. "Get your dog licensed before an agent gets you" is the suggestion of the Department.

Municipalities, where police are inactive, should communicate with the Bureau of Animal Industry, Pennsylvania Department of Agriculture, regarding a plan which has proven successful in solving the dog problem in dozens of communities.

Ladies' Auxiliary Gives Big Card Party

The Ladies' Auxiliary of America Hose, Hook and Ladder Company, No. 2, gave a card party in the hose house last evening. The proceeds of this party are to go toward the hiring of a bus, which the Auxiliary members and their families will use to transport them to Asbury Park on July 28th.

The evening was thoroughly enjoyed playing pinochle and "500", there being seven tables of pinochle and two of "500." Many pretty and useful prizes were given to those having high scores. In the game of pinochle, they were:

Wayne K. Warner, 768; Miss Mary Helsel, 748; Mrs. John Bruden, 744; Herbert Pettit, Jr., 689; Mrs. E. Delker, 680; Mrs. M. A. Obrecht, 676; Mr. Charles Goodbred, 674; Mrs. Carrie Keers, 669; Mrs. Bessie Campbell, 669; William Reeves, 653; Mrs. Clifford Appleton, 648; J. Crawford, 631; Mrs. Charles Mumme, 629; Charles Mumme, 622; Mrs. Charles Goodbred, 614; Mrs. Eva Beaton, 610; John Bruden, 602.

Those having high scores in "500" were:

Mrs. Warren Thompson, 2890; Mrs. S. Cullen, 2580; Mrs. Alfred McLaughlin, 2150; Mrs. Clara Middleton, 2030.

Non-player prize was awarded to Mrs. William Reeves. Refreshments of cake and soft drinks were sold, and a neat sum was realized.

Scouts of Troop No. 2
Enjoyed Recent Outing

Troop No. 2, Bristol Boy Scouts, journeyed to Harriman Beach on Tuesday evening where they enjoyed a swim and a "doggie" roast.

All scouts of this troop are to be present on Saturday at three p. m., at the home of Scoutmaster David Neill, 1013 Pond street, when they will go on an overnight hike to Rat Island, opposite Tullytown. All Scouts are requested to take all necessary material except food, the boys being asked to see the scribe relative to the eatables.

Today in History:

First Woman's Rights convention held at Seneca Falls, N. Y., 1848.

Soviet-China Clash Nearer

Since the breaking of diplomatic relations between Soviet Russia and the Chinese Nationalist Government, clashes between troops on the eastern Chinese border have been reported. Many thousands of Chinese troops, like these above, have been ordered to the Manchurian districts on the Amur River. Russia alleges that China failed within time limit to reply to the ultimatum sent in protest against seizure of the Chinese Eastern Railway and the arrest of the Soviet officials. China says the reply was on time but delay was due to translation. (International Newsreel)

"ICE MINE" ATTRACTS MANY TOURISTS

Only One in the World is Lo-
cated in Pennsylvania
By Auto Club

MAPS OUT THE ROUTE

When summer suns sends the mercury soaring upward in the thermometer there are times when the average person wish they could find a nice cool ice mine in which to hide to escape the oppressive heat wave.

Few persons suspect that the only "ice mine" in the world is located in Pennsylvania. The Keystone Automobile Club has mapped a tour to this delightful section in Potter County and from here numerous side trips can be made into attractive vacation regions.

"Near Coudersport, Pa.; 1700 feet above sea level, are found many delightful vacation haunts and among the interesting places to visit is the famous ice mine," says Russell B. Carty, Representative of the club. "This is probably best described as a curious freak of nature. It is a vertical shaft, forty feet deep, in which beautiful and fantastic ice formations appear during the hot weather and strangely enough vanish with the approach of winter. Near this section are located Valhalla State Forest Park and the Leonard Harrison State Park as well as a number of public state camps amid delightful natural settings."

From Bristol go through Langhorne, Newtown and Buckingham to Doylestown. From there the tour leads north over national route 611 through Kintnersville to Easton. Here a left turn is made into State Route 45 passing through Bath into Palmyerton. Northward over national route 399 the journey winds along the banks of the Lehigh River through the scenic regions of Mauch-Chunk to Lehighton. Here national route 209 is met and followed through Tamaqua to Pottsville. A right turn leads into national route 120 passing through Frackville. (Continued on Page Two)

EXPLOSION DEATH TOLL MOUNTS; SEVEN DEAD

Five Employees of U. S. Alu-
minum Co. Died in Hos-
pital Today

TWO INSTANTLY KILLED

NEW KENSINGTON, Pa., July 19.—(INS)—Five employees of the United States Aluminum Company died in the hospital here today, bringing the death toll to seven in a terrific explosion which shattered the powder plant of the Logan Ferry Works. The company is a subsidiary of the Aluminum Company of America.

Two of the men in the plant were killed instantly. Six men still were in the hospital, one of them in a critical condition. J. L. Paustenbach, of Tarentum, night foreman, and Andrew Kautzman, East Kensington, were killed. Those who died today were B. Lopez, G. Gallardo, G. Giansanti, J. Larios and M. Mazimanolis.

The force of the blast which wrecked two one-story brick and steel buildings, showering the workmen with debris, rocked New Kensington and the surrounding country. The dead and injured were quickly dug from the wreckage and rushed to the hospital. It was believed all had been accounted for.

The workmen were carrying aluminum bronze powder, used in the manufacture of paint. The powder is highly explosive. According to the best estimates today of officials, a bearing in one of the stamping machines caught fire from an overheated belt. The fire spread almost instantly, exploding the bronze powder.

Hurled about by the force of the detonation, the fifteen men working in the plant were battered, burned and buried in the falling debris.

Mr. and Mrs. Harry Daniels, of 313 Walnut street, were Sunday guests of their son-in-law and daughter, Mr. and Mrs. Alonzo Shinn at their summer home at Seaside Park.

LATEST NEWS

PHILADELPHIA, July 19.—Broken by 12 hours of ceaseless, relentless grilling, Harry Pierce, alias Joe McCarthy, one of the three Allentown youths trapped by police in their rendezvous at Harvey's Lake near Wilkes-Barre, today confessed responsibility for 39 hold-ups within recent months here, police said. Pierce's admission was revealed by Police Inspector Connelly who took charge of Pierce and his two companions, Fred Fogel and Paul Baresinger, when they were brought here from Wilkes-Barre last night.

COPPERHEAD BITES BOY PLAYING ON FARM NEAR HERE

Samuel Lumio, 7, Attacked
While On Starkey Farm
At Morrisville

TAKEN TO HOSPITAL

Serum Procured from Lam-
bertville Druggist by N. J.
State Police

Bitten on the left wrist by a copper head snake, while playing in the yard of the Starkey Farms along the Delaware River, below Morrisville at about 9 o'clock last evening, Samuel Lumio, aged seven, was rushed to St. Francis Hospital, Trenton, for treatment.

New Jersey State Police, who saved the life of one boy similarly attacked by a reptile near Somerville on Wednesday, swung into action again last night to secure a supply of serum and speed it to the hospital.

The Lumio boy, one of seven children of Mr. and Mrs. Larbada Lumio resides with the family on the Starkey Farms, where the father and eldest son, Joseph, aged 23, are employed. The brother took the injured lad to the hospital. The brother said the boy was about 30 feet from others in the yard when they were alarmed by his terrified cry:

"Oh, a snake just bit me."

At the scene, near some bushes, the snake was found and killed, its head being severed from the body. The lower portion of the reptile was taken with the boy to the hospital, where the pathologist, Dr. Schaffer asserted it was a copperhead. The head of the snake was later taken to the hospital from the farm.

Corporal Arthur Hurden at Lambertville, N. J., State Police Station, was notified and he sent Trooper Lanthan to the hospital with a vial of serum obtained from the drug store of Ralph Rineck in Lambertville. Efforts to locate another vial of serum at Hopewell were also made by the police. Dr. Frank A. McQuigan, made an incision at the wrist and applied the treatment, the boy being reported in good condition, but greatly frightened. The arm was not swollen, but those present when the bite occurred said there was a slight swelling at that time.

Those residing at the farm said they had not seen snakes there before. It is said to be rare for copperheads or poisonous reptiles to frequent the vicinity.

Paul J. Herman, 16 years old, of Somerville, who was bitten on the arm by a copperhead in the barn in the rear of his home on Wednesday, was last night reported to be improving at the Somerset County Hospital, Somerville. Corporal Hurden made a record run to the institution with serum and physicians at the hospital said yesterday that the boy was doing nicely and would recover.

For a time the boy's life was despaired of, but the serum finally counteracted the poison. The boy was playing in the barn when the snake, unknown to him, bit him. Some time later he was taken to a physician, who did not recognize the symptoms of the youngster's ailment. Later his older brother killed the snake in the barn, and identified it as poisonous by comparing the reptile with illustrations in a Boy Scout book.

Firemen's Auxiliary Enjoys Lawn Luncheon

CORNWELLS HEIGHTS, July 19.—A thoroughly enjoyable afternoon was passed on Wednesday when the members of the Ladies' Auxiliary of the Cornwells Heights Fire Company held a luncheon.

The affair took place on the lawn of the estate of Mrs. Bowman, here, and was well attended.

A number of the P. O. of A. members also partook of the splendid menu which consisted of delicious home-made baked beans and potato salad, and many other goodies.

The party adjourned late in the afternoon, following a pleasant social period, full of plans for a similar occasion soon.

Trevose Woman Dies After An Attack of Apoplexy

Mrs. Anne Jane Patterson, widow of William Patterson, of Trevose, died yesterday at the age of 81 years.

The deceased who was born in Ireland suffered from cerebral apoplexy, a contributory cause also being paralysis.

Burial will be made at Mount Moriah Cemetery on Sunday, following services.

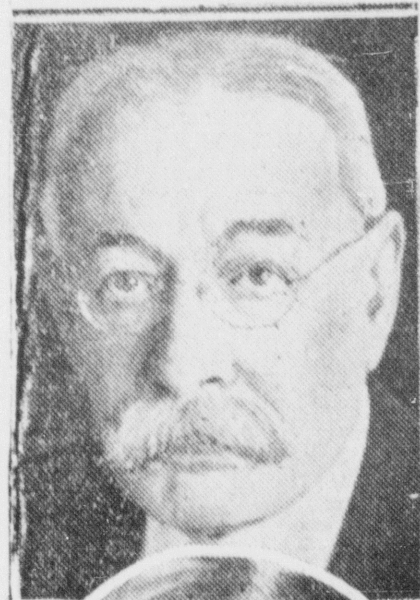

BOYS LOT AT EDELY

Joseph Mannherz has purchased of John Weik a plot of ground at Edgely on which he will erect a first class barber shop.

VISITS FRIENDS

Mrs. Charles Capella and daughter, Florence, of Jefferson avenue, were recent visitors with friends in Hammon-ton, N. J.

Unfolds His Plan

Several opinions pro and con have followed the message of George W. Wickersham, top, chairman of President Hoover's law enforcement commission, to the annual governors' convention at New London, Conn. Mr. Wickersham advances the theory that the enforcement of the prohibition law in particular and all law in general be divided between the Federal and local state agencies. Governor C. H. Dorn of Utah was chairman of the convention. (International Newsreel)

NAVY DIRIGIBLE TO BE LAUNCHED SOON

First All-Metal Ship Ever Con-
structed in the United
States

THREE YEARS TO BUILD

By E. B. LOCKETT
(INS Staff Correspondent)

WASHINGTON, July 19.—Sometime this month the Navy will launch into the air the first all-metal dirigible ever constructed in this country.

The new airship, which has been building for three years in Detroit, is nearly completed. Navy lighter-than-air division officials said today. All that remains to be done is some of the detail outer rigging work, the metal hull having been completed. The rigid airship when ready to fly will contain 299,999 cubic feet of helium gas, and will take about two days for inflation.

Naval lighter-than-air experts, while confident the new "ship" will prove its worth, were wary of making any definite predictions as to its performance. They pointed out the dirigible was built as an experiment, to determine what it would do rather than to prove any definite theories arrived at before its construction.

Some of the claims made for all-metal ships, however, include assertions that they will have better maneuverability than their non-rigid, floppy sisters, and that they will be less affected by adverse weather conditions than the non-rigid dirigibles.

And as construction work was ending on the metal dirigible, construction of the two new non-rigid dirigibles by the Goodyear Company at Akron, Ohio for the Navy was well underway.

These two giants of the air, which are expected to fly in 1931, will cost the government \$5,375,000 and \$2,450,000, respectively, the higher priced ship to hold six and a half million cubic feet of gas. They will surpass in size anything of their kind now in the air or under construction.

Tests for wire netting tension are about completed on the two big air-liners, and erection of the larger "test" sections of the ship will start in August, Navy officials announced.

This work will continue up until the first of the year, it was expected after which construction work on the ship proper will be begun. Construction of girders on a production basis will get underway during the summer, according to present plans.

The hangar for the two new giants will be about half completed and part of it ready for occupancy by the last of August.

Mrs. George Irwin and son, James, Jr., of Mulberry street, have been spending the past week at Asbury Park, N. J.

BENSALEM MAN SUES FOR DAMAGES; LOST WIFE'S LOVE

Howard B. Mellor Starts Ac-
tion Against William
A. Webb

ASKS \$10,000 DAMAGES

Defendant Lived With Family
As A Boarder at New-
port Terrace

DOYLESTOWN, July 19.—Claiming damages to the extent of \$10,000 because of the loss of his wife's affections, causing him to suffer a nervous breakdown, Howard B. Mellor, of Bensalem township, has started a suit for damages against William A. Webb, of Montgomery Square, Montgomery county.

The alienation suit was one of several actions started in the Court of Common Pleas of Bucks county during the past few days.

Mellor, in the statement of claim filed in the Prothonotary's office, states that he was married at Media on Oct. 7, 1922.

"We lived in peace and harmony until 1928," Mellor declares in the statement filed. Until the time of the trouble, Mellor says, he enjoyed the respect, esteem and love of his wife.

On June 19, 1927, Mellor and his wife, Carrie E. Mellor, moved to Newport Terrace, Bensalem township and lived there until March 27, 1929, when Webb called at the house, and a month later came to live with them as a boarder.

"William A. Webb wickedly contrived to injure the deponent by seeking to alienate the affections of his wife, Carrie," the statement of claim avers. He was successful, it is further stated, and Webb and Mrs. Mellor finally moved to Montgomery Square where they lived together at a refreshment stand.

The statement avers that Mellor has been deprived of the love and affection of his wife and has been subjected to ridicule and is suffering from a nervous breakdown as a result of Webb's actions.

Webb was arrested on a capias by Deputy Sheriff Horace E. Gwinner and brought to Doylestown where he furnished bail in the sum of \$1,000 yesterday and was released. The case will be listed for the next term of civil court in October.

Suit for \$10,000 damages has been filed in the Court of Common Pleas by Augustus Gross against the Scott-Powell Dairies. The plaintiff claims that he was injured in an automobile collision on the Bristol pike near the intersection of the Newportville Road last December. In a similar action against the same defendant, Anna Gross, by her father, Augustus Gross is asking \$5,000 damages and Augustus Gross in his own right is asking a similar amount.

To recover a \$5 doctor bill and \$1,000 damages for injuries to her health, Margaret Andre, by her father, Angelo Andre, Sr., of Chalfont, has brought suit against Pearl C. Leatherman, of Doylestown. The plaintiff claims damages for injuries sustained in an automobile collision near Montgomeryville on May 27, this year.

Allen K. Smith, of 805 Broad street, Quakertown, has started a suit for \$12,325 damages against Maude Miller, Harvey Miller and George W. Miller, of 803 Broad street, Quakertown. The plaintiff is asking damages because of a fence that was torn down between the property of the defendant and the plaintiff.

Harry D. Maurer, of Trumbauersville, has started a suit for damages amounting to \$492.93 against Florence Godshall, of Quakertown, as a result of damages to an automobile in a collision on the Bethlehem pike between Quakertown and Sellersville on March 14.

Install Officers of P. O. of A. Camp Here

Wednesday evening, the P. O. of A. Lodge held a business meeting and also installation of officers. The officers were installed by the district president, Mrs. Naomi Foster, of Morrisville, and they are as follows:

Mrs. Mary Carter, president; Mrs. Hilda Albright, assistant president; Mrs. Sophia Lovett, vice president; Mrs. Adelaide Smith, assistant vice-president; Mrs. Gertrude Williams, conductor; Mrs. Clara Robbins, assistant conductor; Mrs. Minnie Britton, chaplain; Mrs. Nettie Thompson, orator; Mrs. Jennie Stewart, guard; Mrs. Emily Irwin, sentinel; Miss Ethel Thomas, past president; Mrs. Edith Betz, assistant past president; Mrs. Minnie Britton, trustee.

BACK FROM BOSTON

Lester D. Thorne, treasurer of The Bristol Trust Company, has returned from Boston. Mr. Thorne was among a group of guests of P. W. Chapman Company, brokers, and left New York on Wednesday and saw the Leviathan put into dry dock for the semi-annual inspection. The cruise to Boston was a leisurely one, and Mr. Thorne returned via the Fall River Line.

AN UNFAIR "DEFICIT"

A looming postal deficit, possibly of unprecedented size, is viewed by the president and postmaster general as a threat to tax reduction and a balanced budget. Awake to the threat, they are trying to block it by paring departmental costs. It is likely to prove a problem which will tax even the Hoover resourcefulness.

This prospective deficit is not due to any falling off in postal receipts or extravagance and efficiency on the part of the postal service. It must be attributed to that traditional congressional habit of spending money before it is collected and spending more money than can be collected.

Some of the reasons for the impending shortage in postal funds are extension of the rural delivery and parcel post service, growth of the airmail, the postal provisions of the Jones-White merchant marine act and the supreme court award of \$45,000,000 to the railroads as back payment for mail transportation. With the exception of the last, these expenses were imposed upon the postoffice department by congressional act without any appropriation or rate increase to meet them.

There has never been any serious effort to make the postal service self-supporting, there being no popular or congressional demand for it, but it would seem to be a matter of good business to make it appear more so by frankly recognizing as subsidies the obligations placed upon the postoffice department for the development of aviation and a merchant marine.

THE DANGER

The self-respecting American lawyer is an honor to his profession and he is a majority in his profession. But the high standards of worthier members of the bar cannot conceal the low standards of conduct of a considerable number of lawyers.

These latter are a minority. But there are enough of them to challenge attention, to lower the esteem in which the profession is held and to interfere seriously with the administration of justice.

When the lay public declares there is too much sharp practice on the part of lawyers defending criminals, too many framed defenses, too much subornation of perjury, too much exploitation of involved procedure in order to delay trials, the bar association cannot dodge the issue by trying to minimize the number of lawyers guilty of such practices. Pointing to the best of the bar won't hide the worst.

The public makes no charges in this direction not already made by some of the most eminent lawyers and jurists in the land. It is not indicting all lawyers. It is indicting only practices so patent, so common, with a certain class of lawyers that the nation is in danger of accepting them as necessary evils in a system of justice which it is asked to regard as too established, too time-honored to change.

It was only a question of time, anyway, until somebody would have killed Ananias for lying about his golf score.

A Detroit woman handit used tear gas in a bank holdup the other day. Same old feminine formula: tears for money.

"Ice Mine" Attracts Many Tourists

(Continued from Page One)

ville, Ashland and Shamokin into Sunbury and Northumberland.

From here the Susquehanna Trail, marked as national route 111, is used northward through Manay into Williamsport. This attractive city aside from its industrial importance is a mecca for tourists seeking a headquarters for numerous side trips into beautiful and still wild country nearby.

From Williamsport a left turn is made into national route 220 winding along the banks of the west branch of the Susquehanna River to Jersey Shore. Here a right turn leads into state route 44, through Waterville, Duncus and Pump Station to Oleona.

From here a left turn leads one mile westward into the Ole Bull Public Camp, lying in the Valhalla State Forest Park. The camp occupies a beautiful spot along picturesque Kettle Creek within sight of the ruins of the famous castle erected by the great Norwegian violinist when he attempted to found a colony here many years ago.

Returning to Oleona the travelers continue northward over state route 44 to Cherry Springs where a left turn leads to an attractive drive of that name to the Cherry Springs Public Camp, occupying a beautiful spot in the highland section of Potter County. Nearby on the same route is Prouty Place Camp, located in a remote section of the Pennsylvania backwoods region with pure sparkling streams and abundance of wild life. From Cherry Springs the route leads into al

Sweden Valley where the famous ice mine is located.

Northward the road leads into national route 6 where a left turn leads to Coudersport. From this central point side trips can be made into numerous interesting regions all of them rich in scenic grandeur. Westward national route 8 leads through Larabee and Farmers Valley to Bradford in the heart of Pennsylvania's oil fields. Eastward from Coudersport the same highway passes through Galeton* to Ansonia the gateway to the Harrison State Forest Park where is located Darling Run Camp. This tract is founded on the site of the famous "Big Meadows", a gathering place for Indians in tribal days.

From Ansonia the highway passes through Wellsboro to Covington on the Susquehanna Trail, marked as national route 111. This highway leads

south through Blossburg, Buttonwood and Trout Run into Williamsport. From here the same highways on which the tour started can be used on the homeward journey.

Town Briefs

Miss Agnes McAuley, of Mauch Chunk, is paying a two weeks' visit to Miss Margaret Hoffman, of New Buckley street.

John McAuley, of Mauch Chunk, was a guest over the week-end of Thomas Hoffman, of New Buckley street.

Jack McFarland and Charles and Joseph Owens, of Braintree, Mass., while enroute home from Washington, D. C., stopped in Bristol on Tuesday and were overnight guests of Mr. MacFarland's aunt, Mrs. Josephine Campbell, of 1614 Trenton avenue.

Mr. and Mrs. Raymond James and son, of 350 Jackson street, are passing two weeks at the home of Mrs. James's father, Samuel Patterson, of Bath Road.

Mrs. Mildred Graham, of Brownsville, is paying a several days' visit to her parents, Mr. and Mrs. Daniel Leary, of Croydon.

Mrs. Thomas Baines, of Frankford, has been paying a three weeks' visit to Mr. and Mrs. Frank Pursell, of Penn Valley. Mr. Baines has joined his wife at the Pursell residence over the week-end.

Miss Thea Slattery, of Freehold, N. J., was a recent guest of Mrs. Michael McFadden, of Linden street.

Miss Dorothy Welty, of Philadel-

phia, was a Monday guest of her brother-in-law and sister, Mr. and Mrs. Edgar Klaiber, of 225 Madison street.

Miss Vernie Ayars, of Burlington, N. J., passed Sunday at the home of Mrs. Anna Kelly, of Madison street. Mrs. Harry Halpin, of 318 Hayes street, spent a day last week in Langhorne, visiting her aunt, Miss Catherine Potter.

William Rogers, of 800 Mansion street, is spending six weeks on a sight-seeing trip to California. Mr. Rogers is taking the trip by water and sailed from New York on the S. S. California.

READ THE COURIER "ADS" DAILY

THE LURE OF THE SPANISH

The modified Spanish and Italian styles give interesting and unusual houses when properly designed and in suitable surroundings.

In this style of architecture one is permitted to indulge one's taste for color to the full. Plain stucco walls of light hues contrast vividly with dark tiled roofs, gay awnings and bright spots of ornament. A delicate iron balcony casts lace-like shadows entrancingly on the walls and the lure of the sunlight and shadow enriches every detail. In the hands of master designers these houses have a certain "snap," "punch," "kick"—call it what you will, it is a desirable character certainly much in evidence, and of a distinctive and individual flavor.

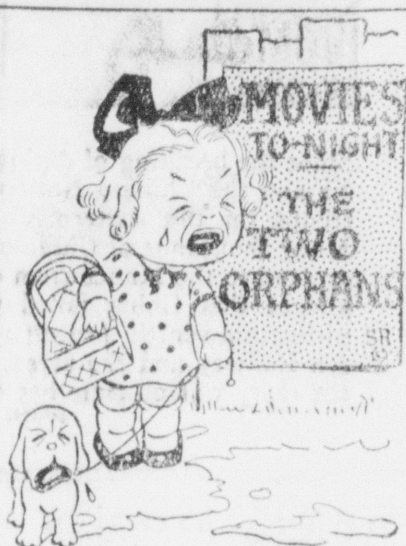

Then, too, these stucco houses are so pleasing in their contrast with the planting and landscape treatment, whether formal or simple although for these particular houses the formal type of landscaping is more suitable.

This house measures 38 feet across the front and requires a lot with a frontage of about 55 feet to give a proper setting and to allow space for a driveway.

In the home pictured herewith the architects have retained the full charm of the original style and have incorporated a most practical and thoroughly Americanized plan giving an ideal combination of true merit.

The plan arrangements express clearly the functions of the modern American mode of convenience, comfort, and livability. Cost, about \$10,400.

Complete working plans and specifications of this house may be obtained for a nominal sum from the Building Editor. Refer to House A-52.

SPORTS

EMILIE'S RECORD IS GOOD THIS SEASON

Emilie took revenge on the Cinnamon Giants last Sunday when they shut them out 5 to 0, and they hope to do the same or more so when they play the White Horse team of the Central Jersey League this Sunday.

Emilie so far this season has played nine games and lost two, one to the "Giants" and one to the "Horses." Having evened it up with the colored boys, the Goosestowners are confident that they can do the same with the "Horsemen" who gave them their worst licking of the season. Emilie meets the Holmesburg Black Hawks the following Sunday.

ST. ANN'S TROUNCES CHAMPION HIBERNIANS

(By T. M. Juno)

St. Ann's continued their scoring rampage last evening when they easily trounced the Hibernians, winners of the first half and leaders of the second half. The final tabulations showed the scored 12 to 4.

Last Tuesday, St. Ann's trimmed the Independents 14 to 3, making a total of twenty-six tallies and twenty-two hits in the last two frays.

Mangan, who started for the "Hibs," was hit very hard from the beginning, the "Saints" finding him for eight hits and ten runs during his two and one-third innings' stay; he also aided the winners by issuing four passes.

In the Dorrance street boys' collection of base hits were two doubles, two triples, and a home run. Fields and Cooper socked the three-baggers, both coming in the initial frame. O'Riola's and Roe's two-baggers came in the big fourth, when seven runs crossed the rubber.

"Jake" Tranotti, in his first debut as a St. Ann's regular, made a fine start. In the second frame, with two pals on the sacks, he caught one of Mangan's curves on the end of his bat and sent it for a long ride over Rodgers' dome. It was an easy home run. He again thrilled the crowd in the third when, after falling to the ground, stuck up his glove and made a dazzling catch of a foul ball.

Cooper led the wood carriers with

three hits in three official times at bat. O'Riola got one out of one, as did Rodgers of the "Hiboes."

Tullo hurled steady ball for the "Saints" and was accorded wonderful support, especially by Wilkinson at third base. The hurler allowed but five hits and, except for the third canto, was never in danger. In this frame, with three on as the result of a hit and two passes, "Lefty" Rodgers cleaned the sacks with a double.

Tonight the Federals play the Colorado A. C.

Box score:

THE ONLY ALL-STEEL REFRIGERATOR

rugged, warp-proof, durable

The General Electric—the first and only refrigerator built entirely of steel. It is as strong as a safe. It cannot warp. Its doors and sills, faced with warp-proof Textolite, cannot sag. It keeps cold in and heat out more effectively than any cabinet that has ever been sold.

And the mechanism of the General Electric—how far ahead of the field that is! All enclosed in a hermetically sealed steel casing—unusually quiet, self-oiling, dust-proof—with an easily accessible temperature control. It is mounted on top, out of the way... leaving the greatest room inside the cabinet for food storage.

As evidence of guaranteed reliability—there are now more than 300,000 users and not one

has ever spent a single dollar for repairs.

See all the models and ask about our plan of conveniently spaced time payments.

GENERAL ELECTRIC ALL-STEEL REFRIGERATOR

For hot weather breakfasts try the Wake-up Food—quick new energy

IDEAL BREAKFAST for warm weather—the Wake-up Food, Post Toasties! So rich in the energy you need, yet so light and tempting to appetite. And so easily digested that it releases its rich store of energy quickly for either work or play! That's why it is called the Wake-up Food.

During these warm days serve it for breakfast or luncheon or supper. The family of yours can't help but like it—tender hearts of choice white corn, delicately flaked and deliciously flavored and toasted crisp. And how they'll benefit by its quick energy!...Remember, there's just one way to get the Wake-up Food—ask for Post Toasties in the red and yellow, wax-wrapped package.

Mr. and Mrs. Earl Fries, of Baxter avenue.

Aviation TESTED

THE "Southern Cross," in its epoch-making flight across the Pacific—from California to Australia—used ATLANTIC Paraffine Base MOTOR OIL. The "Patrician"—largest passenger plane in America—uses ATLANTIC Paraffine Base MOTOR OIL.

In hundreds of other aircraft—in numerous speed and endurance flights—and in regular commercial operation—ATLANTIC Paraffine Base MOTOR OIL is the engine lubricant used. . . . The same oil which is available to you for use in your automobile.

Not a single step in the progress of aviation and automotive engineering escapes the attention of Atlantic lubrication research and experimental laboratories.

You are absolutely safe in your choice of ATLANTIC Paraffine Base MOTOR OIL. One of the largest and most experienced petroleum refining organizations in the world produces this oil and assures you that it offers:

The smallest evaporation loss—the longest-lasting efficiency—the slowest consumption—the longest trouble-free engine mileage your motor oil dollars can buy.

ATLANTIC PARAFFINE BASE MOTOR OIL

Correct grade for your car is obtainable at all Atlantic dealers and service stations. Use it in conjunction with Atlantic Gasoline and get the very utmost in motor performance.

KONJOLA WINS FINE VICTORY OVER BAD CASE

Suffered Three Years — All Medicines Had Failed — Konjola Then Came to Rescue

MR. CHARLES DAUGHERTY

"For three years I suffered from stomach trouble," said Mr. Charles Daugherty, R. F. D. No. 3, Bath, Penna. "My digestive organs were so disordered that food simply would not digest. Attacks of indigestion often put me to bed for days. My nerves became upset and many times I thought my last moment had come. Vomiting spells and gas bloating were my constant companions."

"I had taken a bottle and a half of Konjola when I knew that I was at last on the road to health and traveling fast. Rapidly I am improving, and I will continue the treatment until the stomach trouble is permanently relieved. Konjola is a medicine in a class by itself."

Konjola is sold in Bristol at Hoffman's Cut Rate store and by all the best druggists in all towns throughout this entire section.—(Adv.)

POWER is generated by energy and energy by the will "to do."

Have you ever seen a heavy cart stuck fast in a rut of mud?

The ejaded horse unable to move it another inch because of drooping spirit and lack of interest.

A dozen onlookers--some merely waiting to see what is going to happen--others giving advice and direction. But none of these will start the cart moving.

Then from the crowd step out three or four 'doers.' They put their shoulders to the wheel lending both effort and example until others follow them. The thing begins to move---gains momentum as all things do when once out of a rut.

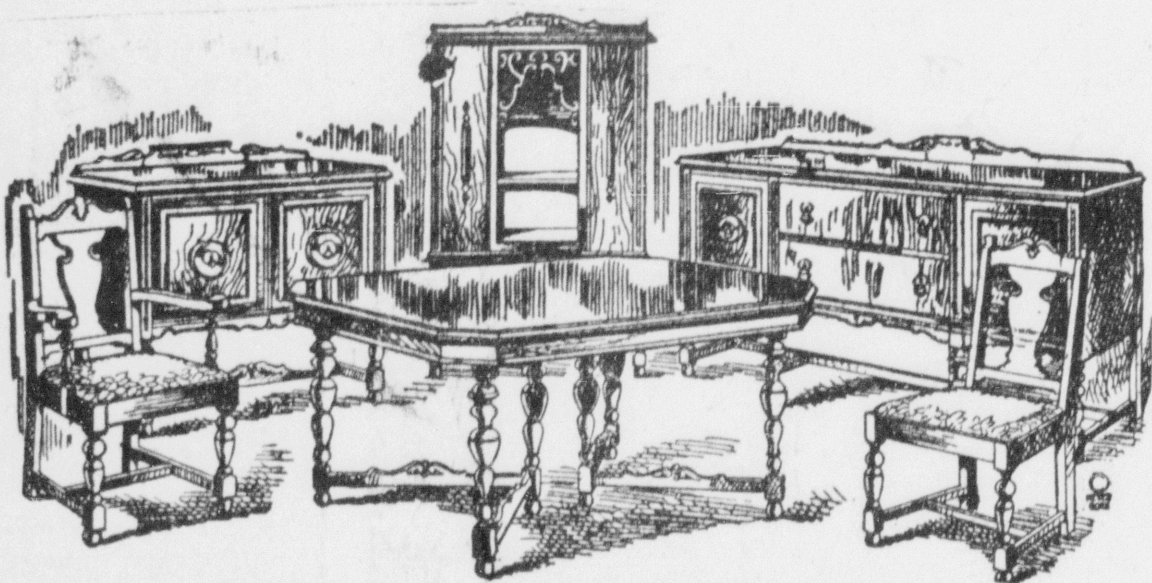

And so, also, is it with civic progress---community movements, local enterprise ---when "doers put their shoulders to the wheel."
